

## Home Organizing Experience

Organization is an important element in interior design. With simple organization you can change the experience of your space, it also contributes to the ease of your daily life, and it doesn't have to cost very much! In class, we talked about different ideas and ways to organize.

### **Please take before and after photos**

Here are some examples:

You can organize things according to color

You can organize things according to size/what space is available

You can organize things according to use or season

This homework assignment should take about 30 minutes to an hour, each child can pick something small, like one drawer of clothes or toys, or one shelf of books, or the top of their dresser. This experience is primarily to show that they have a direct impact on how well their room works for them. The before and after pictures will be included in their presentation on the final class.

The pictures can be printed on a home printer or e-mailed
